OWNER RESERVES THE RIGHT TO ACCEPT THE OVERALL MOST RESPONSIBLE BID.

The bidder offers to construct the projects in accordance with the contract documents issued under each work order for the contract price based on the unit prices provided for in this bid. The bidder understands and accepts the provisions of the contract documents and this Bid Proposal relating to liquidated damages of the project if work orders are not completed on time. Complete the additional requirements of the Proposal which are included on the following pages.

Special items are included in the SPECIAL CONDITIONS

The San Antonio Water System is currently requesting bids for eight (8) Water and Sewer Construction Contracts. To be considered a responsive bid, the bidder must make available at all times during the contract at least two (2) independent crews, fully staffed and equipped, to be actively working on concurrent work orders as issued, and must submit with their bid a detailed description of the available resources (equipment, employees, etc.) demonstrating the ability of the bidder to have a minimum of two (2) crews, fully staffed and equipped, available to this contract at all times. Any bid package that does not include this information or any bidder who cannot make available at all times at least (www.2) independent crews, fully staffed Rox Reference Only Not Accept and equipped, for any contract in which it is the lowest bidder may be determined to be non-responsive in the sole discretion of

Statement of Bidder's Experience

BIDDER'S EXPERIENCE

In order to make a responsive Bid, the Bidder must provide evidence of being a responsible bidder by providing a minimum of three successfully completed water and sewer projects within the last five years. *If completion of those projects included the assistance of sub contractors, prime must submit the names of the sub contractors used on those projects and specify if those same subs will be used on this contract.* A successfully completed project is considered as a project that did not involve the contractor defaulting on the contract, was completed within the contract time and incurred zero (0) owner claims. Contractors should reference water and sewer projects that included new construction or replacement of a minimum of 1,000 linear feet of eight (8) inch and larger diameter sanitary sewer mains and 1,000 feet of eight (8) inch and larger diameter water mains.

Data given must be clear and comprehensive. Include specific project name, facility owner and telephone number, total length of installed water/sanitary sewer lines, and total contract amount, as presented below. San Antonio Water System in determining the responsible bidder will approve the Bid based on low cost and on Bidder's demonstrated experience and ability to perform the work.

Project Name	Facility Owner (tel. #)	Length of installed lines	Contract Amount

The SMWB goal on this project is <u>17%</u>

1.	<u> </u>	contractor has satisfied the requirements of the BID specification in the following theck the appropriate space):
	The conti	ractor is committed to a minimum of % SMWB utilization on this contract.
0	% SMW please fill out Se	ractor (if unable to meet the SMWB goal of%) is committed to a minimum of B utilization on this contract. (If contractor/consultant is unable to meet the goal, ction C and submit documentation demonstrating good taith efforts).
۷.	ivame and prione nui	mber of person appointed to coordinate and administer the SMWB requirements on this project.
	Name:	
	Title:	
	Phone Number_	

IF THE SMWB GOAL WAS MET, PROCEED TO AFFIRMATION AND SIGN THE GFEP. IF GOAL WAS NOT MET, PROCEED TO SECTION C.

During the term of the contract, the contractor must report the actual payments to all the SMWB subcontractors on a monthly basis, on the "Subcontractor Report Form" or in other specified time intervals and format prescribed by the SAWS. Any unjustified failure to comply with the levels of SMWB participation identified in the bid and affirmed in the Good Faith Effort Plan shall be considered a material breach of contract. The SAWS reserves the right, at any time during the term of the contract to request additional information, documentation or verification of payments made to subcontractors in connection with the contract. Verification of amounts being reported may take the form of requesting copies of canceled checks paid to SMWB participants and/or confirmation inquiries directly to the SMWB participants. Proof of payments, such as copies of canceled checks must properly identify the project name or project number to substantiate SMWB payment for this project.

The completed Subcontractor Report Forms should be mailed to:

San Antonio Water System SMWB Program 2800 U. S. Hwy 281 N., Suite 171 San Antonio, TX 78212

SECTION C - GOOD FAITH EFFORTS (Fill out only, if the SMWB goal was not achieved).
