

SCADA PROGRAMMING AND PLC REPLACEMENT PROJECT

Solicitation Number: CS-00005

ADDENDUM 1 August 18, 2023

To Respondent of Record:

RESPONSES TO QUESTIONS

- Question:** Regarding CS-00005 – SCADA Programming and PLC Replacement project, is there a way where we can register our interest in being a subcontractor without submitting all docs required for this RFP?

Response: For firms interested in being subcontractors, SAWS provides an Interested Firms list that provides contact information for all firms that have downloaded and shown interest in submitting a response for this RFP. The Interested Firms list can be downloaded from the following link:

https://apps.saws.org/business_center/contractsol/interestedfirmslist.cfm?id=4249

- Question:** In order to ensure SAWS receives the best rate for any services that may be requested under this contract, would you be interested in accepting additional resource levels beyond what is listed on the hourly rate sheet (for example, PLC Configuration level 1 and level 2, etc)? This would help us assign the most appropriate personnel for the task and avoid potentially overcharging for simple issues while reserving funds so that any complex tasks can be investigated by senior experienced personnel.

Response: Yes, SAWS will accept additional classifications and fees. If additional lines are needed, please add additional lines below the applicable section. Please note that for review purposes, only the classifications and fees provided by SAWS in the Price Proposal Form will be evaluated.
