

2011 WATER RESOURCES ENGINEERING CONSULTING SERVICES
SAWS Solicitation No. Q-10-014-DG

Questions and Responses

October 8, 2010

BID DATE: October 13, 2010 @ 2:00 PM Central Time

The Vendor/Consultant of Record:

This information, applicable to the project above, is a response to the bidding documents and as such shall be a part of and included in the Contract. The original contract documents and any prior addenda remain in full force except as modified by the following which shall take precedence over any contrary provisions in prior documents.

Questions and Responses:

Q1. How many CDs would you like included with the submittal – just one, or 8?

R1. Only one (1) CD is required per submittal.

Q2. Is there any kind of limitation with regard to font and size (within reason) for this submittal?

R2. There are no restrictions on the font type and size. Please keep it within reason and readable by the average person.

Q3. Are tabs/dividers counted as pages in the page count?

R3. No - the tabs and/or dividers do not count towards the 20 page max.

Q4. Are the water resources projects to be considered exclusively groundwater projects, or are surface-water projects to be considered as well?

R4. While the majority of SAWS water resource projects are groundwater related, it is possible the selected consultant will be required to perform studies, modeling, or other tasks on topics related to other types of source water projects.

Each vendor/consultant is requested to acknowledge receipt of these questions and responses by his/her signature affixed hereto and to file the same with attached to his/her bid.

The Undersigned acknowledges receipt of this question & response, and the bid submitted herewith is in accordance with the information and stipulation set forth.
