

## REQUEST FOR QUALIFICATIONS (RFQ) ADDENDUM

### Dos Rios WRC Digester Mixing and System Enhancements Phase II Project Professional Engineering Design Services RFQ Solicitation No: Q-10-013-MF

**Addendum #1 – October 29, 2010**

This Addendum includes questions and answers received on the RFQ.

#### Questions and Answers

**Q:** Do tabs between sections of a Statement of Qualifications count toward the 35-page limit?

**A:** The tabs between the sections of SOQ will not count toward the 35-page limit.

**Q:** Is it possible to obtain the contract documents (e.g., plans and specs) for the construction of the Phase I digester improvements? This work was recently awarded under SAWS solicitation No. B-10-031-MF. If this is not considered inappropriate communication we would like to obtain this documentation from the SAWS Contract Administration Office.

**A:** The information provided in the Phase I project Preliminary Engineering Report (PER) is sufficient to be used in the preparation of the SOQ. Contract documents (plans and specs) will not be provided at this stage of the project.

**Q:** The RFQ for the subject project states:

*A non-mandatory Pre-Submittal Conference is scheduled for this RFQ at 10:00AM on October 26, 2010 at the Dos Rios WRC. An optional site visit may follow. Attendance to site visit will require Personal Protective Equipment (PPE). Attendees without proper PPE will not be allowed to the project site.*

Please advise as to what will be considered proper or acceptable Personal Protective Equipment (e.g., hard hats, other). Thank you.

**A:** This question was addressed by Supplemental Information posted to SAWS Website.
