

EXHIBIT 21

OWNER'S SECURITY PROCEDURES

Capitalized terms used in this exhibit shall have the meaning assigned to such terms in the Contract, unless expressly provided otherwise herein.

If work will be conducted on SAWS property, on SAWS infrastructure, on a SAWS customer's property, or involve any SAWS networks, or any SAWS facility, the Design Build Firm shall provide background screening information of their employees, Consultants, DPOR and sub-contractors to CastleBranch, the SAWS-approved vendor of background screening services, at sawsbackgroundcheck@castlebranch.com. Any person found to have an unacceptable background check will not be allowed to perform work under this Contract (however, at SAWS's sole discretion, a waiver may be given by SAWS Security for an unacceptable finding, provided that it must first be approved and signed off on by the Director of SAWS Security). Any Design Build Firm employee, DPOR, consultants or subcontractor performing work must also receive a background screening by CastleBranch. Consultant shall be responsible for the accuracy of information on the background screening information sent to sawsbackgroundcheck@castlebranch.com. For further questions about background screening, call CastleBranch at 910-679-2979 or 888-723-4263 ext. 7857 and advise them the Design Build Firm is working for SAWS. Once background screening is approved by SAWS Security, Design Build Firm must also complete a Project Contractor Data Form ("PCDF"). The PCDF will be sent to securitygroup@saws.org. The PCDF is required for the Design Build Firm, and its DPOR, consultants or subcontractors to receive the required badges and parking tags necessary to fulfill the work under this Contract. The PCDF must be sent electronically to securitygroup@saws.org.

Each employee and agent of the Design Build Firm shall obtain a SAWS photo identification badge (a "Contractor's Badge") and parking tag prior to any work on SAWS property or asset, which shall be used only for purposes necessary to perform the work under this Contract. SAWS Badge Office hours are Monday, Wednesday and Friday from 9:00am to 12:00pm, excluding SAWS holidays (hours are subject to change). SAWS Security staff can be contacted at (210) 233-3177 or (210) 233-3338. Once the Project is completed, the Design Build Firm shall return all Contractor Badges and parking tags to the Security Office. A Design Build Firm who does not return the Contractor Badges or parking tags is not in compliance with these procedures.

SAWS facilities require a SAWS employee to physically escort the Design Build Firm employees, agents, consultants, DPOR and sub-contractors at all times. SAWS may, at its sole discretion, waive the escort requirements if the PCDF and a "clean" background screening from CastleBranch are approved. Waiver of the escort requirement shall only be through a written correspondence to Design Build Firm from SAWS Security.

Sub-contractors must always be under escort of Design Build Firm while performing work on any SAWS property or asset. Sub-contractors must display the Contractor Badge at all times while working on any SAWS property or asset. Sub-contractors are required to complete a background screening and be listed on the PCDF regardless of receiving a Contractor Badge. The

Design Build Firm is solely responsible for the actions of its employees, agents, DPOR, sub-contractors and consultants.

Design Build Firm shall advise their SAWS Project Manager of any employee terminations or changes to personnel performing work under this Contract, and the Design Build Firm shall immediately turn in any and all Contractor's Badges and/or parking tags of employees or agents who are terminated or no longer performing work under this Contract. If Design Build Firm becomes aware of any changes in the information contained in the PCDF or the background screening information, Design Build Firm shall immediately notify the SAWS Project Manager and provide an updated PCDF to securitygroup@saws.org and background screening information to sawsbackgroundcheck@castlebranch.com.

Design Build Firm is responsible for being in compliance with SAWS Security requirements and for maintaining security of SAWS property, infrastructure, SAWS customer's property, networks, and facilities for the length of the Project. Security incidents must be reported to SAWS Security immediately at (210) 233-3338.

If the Design Build Firm plans to leave the site unsecure or open during the Project, they must provide a SAWS-approved security guard to monitor ingress and egress to the SAWS site.

If Design Build Firm takes any action that diminishes the security of a SAWS site, Design Build Firm will be responsible for providing additional security requirements at its expense. Some examples of additional requirements that SAWS may require include hiring of SAWS approved security guards, temporary fencing, mobile Closed Circuit Television Monitoring trailer(s), or extra lighting. Notwithstanding anything herein to the contrary, any provisions in these Security Procedures that may appear to give SAWS the right to direct Design Build Firm as to details of doing any work under this Contract or to exercise a measure of control over any security measures or such work shall be deemed to mean that Design Build Firm shall follow the desires of SAWS in the results of the work or security measures only.

Advance coordination by Design Build Firm with SAWS Security for these security requirements is necessary to ensure no delays with timely performance of work. Any other provision of this Contract notwithstanding, in the event Design Build Firm fails to comply with SAWS Security requirements, SAWS may, with no penalty, claim of any nature (including but not limited to breach of contract) against SAWS by the Design Build Firm:

- i Issue a Work Stoppage Order until the security violation (s) are remedied
- i Ask any unidentified or improperly identified person or equipment to leave SAWS site immediately and not return until items or deficiencies are remedied to SAWS's satisfaction.
