

W-9 UPPER LEON CREEK SEWER CAPACITY STORAGE RELIEF RFQ
Solicitation No. PS-00114

ADDENDUM NO. 2

August 13, 2021

To Respondent of Record:

RESPONSES TO QUESTIONS

- 1. Since many of the SAWS projects in the last couple of years were small diameter or condition related, would SAWS consider extending the 5 year time limit on past project experience to 8 years?**

For this RFQ, the time limit on past projects is 5 years.

- 2. Are there any stipulations on a minimum percentage that the prime firm has to self-perform?**

No, there are no stipulations on a minimum percentage that the prime firm has to self-perform.

- 3. If we are using a task order contract as one of our 5 projects under past performance, what is the best way to show the information on similar projects and past performance completion date for contract, and description of all applicable task orders?**

If using a task order contract, list the most relevant work orders together with required information of the work performed for each. Consultants should put the best information forward to demonstrate their qualifications. SAWS retains sole discretion regarding the evaluation of similar projects and past performance requirements

- 4. RFQ allows two projects from subconsultants. Can these projects be where subconsultant performed as a subconsultant and not as a prime?**

Yes, the two projects from subconsultants may be where subconsultant performed as a subconsultant. Consultants should put the best information forward to demonstrate their qualifications. SAWS retains sole discretion regarding the evaluation of similar projects and past performance requirements.

END OF ADDENDUM 2

This Addendum is four (4) pages with attachment in its entirety.
