

2025 Annual Asphalt Overlay Work Order Construction Contract, Package 1

This contract will provide contractor support to supplement the SAWS Distribution and Collection Operations Group with asphalt repairs. The City of San Antonio requires curb to curb mill and overlay of asphalt roadways that were previously in good condition prior to SAWS repair work.

SAWS will be soliciting bids for the purpose of retaining a Contractor to provide asphalt and street construction services and associated work on an annual work order contract basis throughout the SAWS service area. Work may include asphalt cutting, removal and disposal of excavation material, replacement of pavement, site cleanup, and painting of concrete. It may also include traffic control personnel and equipment.

When Work Will Occur:

- Construction award is planned for December 2024.
- Cost estimate for the project will be \$2,000,000.
- Contract term will be for 365 days or until the contract capacity runs out.

What to Expect:

- The work will be throughout SAWS' service area. Work orders are unspecified until time of issue.
- The work may be in coordination with and around SAWS repair work.
- During the construction of this project lane closure may happen adjacent to the project site.
