

Alamo Ranch Pkwy Phase 1 – 42” Water Main

SAWS construction on this project will construct approximately 8,000 linear feet of 42-inch water main. The project begins at the intersection of Alamo Ranch Pkwy and Roft Rd and extends west to Galm Rd. This project is necessary to provide water service to future SAWS customers by extending the infrastructure.

When Will Work Occur?

Construction is planned to start in the 2nd quarter of 2024. Estimated construction duration is 12 months, and estimated construction cost is \$6.5 million.

What to Expect

- ✓ Construction on this project will affect traffic on the residential streets shown in the map below.
- ✓ Installation of water mains, fire hydrants, water valves.
- ✓ Alignment will enter from Roft Rd, travel through an easement along Alamo Ranch Parkway and end across Galm Road.
