To Bidder of Record:

This addendum, applicable to the work associated with the above referenced Contract, is an amendment to the bidding documents and as such shall be a part of and included in the Contract. The original contract documents and any prior addenda remain in full force except as modified by the following, which shall take precedence over any contrary provisions in prior documents. **Clarification:**

**Bid Proposal:** Although some of the manholes have been removed from the contract, no change will be made to the Bid Proposal because it is anticipated that the manholes deleted by this addendum do not substantially alter the estimated quantities in the Bid Proposal. The Special Conditions state, "As this is a work order contract, SAWS does not guarantee, warrant or represent that it will utilize the amount of quantities estimated in the Bid Proposal or that each bid item in this contract will be used on the assigned work orders. The quantities in the Bid Proposal are estimations only." The Special Conditions further state, "It is the intent of the Proposal and the estimated quantities therein to establish a unit price for various line items to be paid to the Contractor by SAWS during the period of this contract."
