Pipe Sizes: _____ Pipe Lengths: _____

Owner Name: _____ Owner Title: _____

Owner Phone Number: _____ Bid Amount: _____

Final Contract Amount: _____

Project Start Date: _____ Project End Date: _____

Additional Information: _____

Special Conditions

SC 1.0 - SCOPE OF WORK

I. GENERAL

The San Antonio Water System is soliciting Bids for the purpose of retaining a Contractor to perform the replacement/installation and adjustment of SAWS (sewer) work on a project basis. Contractor shall guarantee the unit prices provided for in its proposal during the term of the agreement.

The Contractor shall anticipate a period of careful planning in close coordination with SAWS prior to beginning any work to fully develop procedures and standards for the work that will be performed. Employee safety, workmanship standards, and maintaining the integrity of SAWS operations with minimal disruption will be the key areas to be addressed prior to beginning work.

II. TERMS AND CONDITIONS

Term of Contract: The construction contract will remain in full force for a period of **One Hundred days (100 days)** from issuance of the Authorization to Proceed. The contractor is to take into account the escalation of material cost when submitting the bid, as the unit price for the bid being submitted for each item is to remain unchanged for the duration of the contract.

Bid Proposal: The Contractor shall include in his/her Bid Proposal all labor, equipment, material, tools, supplies and incidentals necessary to complete all work required by the Contract in accordance with the following current specifications: San Antonio Water System (SAWS) Specifications for Water and Sanitary Sewer Construction; Texas Department of Transportation (TxDOT) Standard Specifications for Construction of Highways, Streets and Bridges; the City of San Antonio (CoSA) Standard Specification for Public Works Construction; any Railroad Permit requirements; and any specifications and special conditions specified herein.

Contract Requirements:

1. CONTRACTOR will name one individual as coordinator or primary contact to resolve all issues that may arise during the term of the Contract. This individual shall be highly experienced and knowledgeable with the functionality of their company's open cut water and wastewater construction work.
2. CONTRACTOR will provide adequate internal control procedures to protect SAWS from financial loss, resulting from any aspect of administering this Contract.
3. CONTRACTOR shall be available to attend meetings and make presentations as requested by SAWS.

4. CONTRACTOR may work on multiple “Worksites” concurrently at Contractor’s discretion. Segments may be completed in any order.

SC 2.0 - PROJECT REQUIREMENTS

Contractor shall submit a completion report to SAWS when construction is completed. The completion report shall include but not limited to the following:

Pre and post MPEG-1 format and written to CD/DVD video and video logs.

Any test and/or submittals specified in this contract documents such as density tests, structural properties, etc. that are required.

SC 2.1- PAYMENT

As specified in the contract documents unit price cost for the items bid shall include all the necessary incidental work as subsidiary to the bid item, unless specifically called out in the plans or approved by SAWS.

SC-2.2 PERMITS

Contractor shall refer to the General Conditions and contract documents for requirements to obtain permits for projects. This includes, but is not limited to, obtaining all necessary City of San Antonio (CoSA) street cut and CoSA right-of-way permits and becoming familiar with CoSA’s criteria on these permits. The Contractor is solely responsible for obtaining any and all other necessary permits and inspections. Cost of obtaining and fulfilling these permits are the responsibility of the Contractor and are subsidiary to other items in the project. The Contractor is to submit via CPMS the letter of provisions from CoSA right-of-way prior to the start of construction.

SC 2.3 - SPECIFICATIONS

All work performed shall be in accordance with the Contract Documents and the current San Antonio Water System Specifications for Water and Sanitary Sewer Construction, these Special Conditions, the current Texas Department of Transportation Standard Specification for Construction of Highways, Streets, and Bridges, the current City of San Antonio Standard Specifications for Public Work Construction, City of San Antonio Utility Excavation Criterial Manual, or specifications and requirements of any other governing jurisdiction that may apply.
