RESPONSES TO QUESTIONS

1. I have received a request to provide pricing on the SAWS Leon Creek WRC Electrical System Improvements Phase I project. We are not listed in the fixture schedule, however it is noted in the specification section 16500 LIGHTING SYSTEM under 2.01.A.1... it indicated Equivalent designs and equal quality fixtures or other manufacturers will be acceptable upon approval by the Owner/Engineer.

I am requesting approval from the Owner/Engineer to bid this project with the fixtures Hossley Lighting represent with the basis being Hubbell. We will provide fixtures equal to what is specified or better.

If we are acceptable to bid and if time permits, can you please add us as approved to bid the lighting in the next addendum, so the Distributors / Electrical Contractors will allow us to provide them a price?

Response:

Non-specified products will be evaluated after a contract is awarded. As stated in the Specifications, equivalent quality fixtures will be accepted at that time. No pre-approval of equipment will be undertaken prior to bid opening. Specification revised to conform with language outlined in section 01300.

CHANGES TO THE SPECIFICATIONS

1. Schedule of Manufacturers and Suppliers, page SCH-2: Under "Manufacturer or Supplier" for section 16500, add "c. Or Approved equal"
2. Section 16500 (Lighting):
Delete the first sentence of section 2.01.A.1 and replace with "Lighting fixture manufacturers and types as required by the "Lighting Fixture Schedule" on the Drawings or approved equal."
