#### **BID PROPOSAL**

PROPOSAL OF	
a Corporation organized and existing under the laws of the State of	
a Partnership consisting of	
an Individual doing business as	

Enclosed with this bid are (1) Bid Bond, and (2) Statement of Bidder's Experience, (3) Good Faith Effort Plan and (4) Conflict of Interest Questionnaire in accordance with the Instructions to Bidders. It is understood that all proposals submitted without these items and proper acknowledgement of all addenda herein may be rejected.

The duration of this Water & Sewer Construction Contract is 365 calendar days, or until funds are exhausted, from issuance of the Authorization to Proceed. Schedules and duration for individual work orders shall be established on a case by case basis.

Quantities shown are approximate and the bid items listed represent items required over the duration of the contract. All items and quantities within the bid proposal are estimated and are not guaranteed by SAWS to be used under this contract. Work order quantities will be provided when each individual work order is issued.

#### TO THE SAN ANTONIO WATER SYSTEM:

Pursuant to Instructions and Invitations to Bidders, the undersigned proposes to furnish all labor and materials as specified, and perform the work required for the construction of the San Antonio Water System Water Job Number 09-5115 and Sewer Job Number 09-5615 in accordance with the requirements of all future work orders using the following unit prices to wit:

#### OWNER RESERVES THE RIGHT TO ACCEPT THE OVERALL MOST RESPONSIBLE BID.

The bidder offers to construct the projects in accordance with the contract documents issued under each work order for the contract price based on the unit prices provided for in this bid. The bidder understands and accepts the provisions of the contract documents and this Bid Proposal relating to liquidated damages of the project if work orders are not completed on time.

The San Antonio Water System is currently requesting bids for multiple Indefinite Delivery Contract Packages. To be considered a responsive bid, the bidder must make available at all times during the contract at least two (2) independent utility crews, fully staffed and equipped, to be actively working on concurrent work orders as issued, and must submit with their bid a detailed description of the available resources (equipment, employees, etc.) demonstrating the ability of the bidder to have a minimum of two (2) utility crews, fully staffed and equipped, available to this contract at all times. Any bid package that does not include this information or any bidder who cannot make available at all times at least two (2) independent utility crews, fully staffed and equipped, for any contract in which it is the lowest bidder may be determined to be non-responsive in the sole discretion of the San Antonio Water System.

Complete the additional requirements of the Proposal which are included on the following pages.

#### PROPOSAL (Continued)

Accompanying this proposal is a Bid Bond or Certifice the San Antonio Water System for	ed or Cashier's Check on a State or National Bank payable to the Order of dollars (\$ ),
which amount represents five percent (5%) of the total proposal is accepted and the bidder fails to execute Contract, in which case the check shall become the payment for damages due to delay and other inconve	al bid price. Said bond or check is to be returned to the bidder unless the and file a contract within ten (10) calendar days after the award of the property of said San Antonio Water System, and shall be considered as niences suffered by said San Antonio Water System due to the failure of Vater System reserves the right to reject any and all bids.
and award of the contract to the undersigned by th execute the standard San Antonio Water System Con amount of the contract within five (5) calendar days a and provisions of the contract, to insure and guarantee	al within sixty (60) calendar days after the bid opening. Upon acceptance e San Antonio Water System Board of Trustees, the undersigned shall stract Documents and make Performance and Payment Bonds for the full after the award of the Contract to secure proper compliance with the terms the work until final completion and acceptance, and the guarantee period aims for labor performed and materials furnished in the fulfillment of the

#### Statement of Bidder's Experience

#### **BIDDER'S EXPERIENCE**

In order to make a responsive Bid, the Bidder must provide evidence of being a responsible bidder by providing a minimum of five successfully completed public works projects or work order based contracts since January 1, 2004. A successfully completed project is considered as a project that did not involve the contractor defaulting on the contract, was completed within the contract time and incurred zero (0) owner claims. Contractors should reference public works projects that included new construction or replacement of a minimum of 1,000 linear feet of either sanitary sewer or water lines with a minimum diameter of eight (8) inches.

Data given must be clear and comprehensive. Include specific project name, facility owner and telephone number, total length of installed water/sanitary sewer lines, and total contract amount, as presented below. San Antonio Water System in determining the responsible bidder will approve the Bid based on low cost and on Bidder's demonstrated experience and ability to perform the work.
