

CALL FOR REAL ESTATE TITLE SERVICES

SOLICITATION NO: F-13-002-RA

ADDENDUM No. 3 - November 8, 2013

Questions and Answers

1. Would we be issuing actual Title Insurance for the transfers that would occur?

For most of the transactions, yes.

2. I assume that there will not be any loans or mortgages involved in the transactions?

Correct.

3. It is listed that you may need assistance with "disposal of SAWS surplus property". Would we assist (sic) in the transfer process or are you looking for an actual Real Estate Agent that would market the property in question?

A firm would assist by issuing a title commitment to SAWS initially, and ultimately a title policy to the buyer, and handling the closing.

4. Would there be occasions where we would use our licensed Surveyor to properly identify the property that is to be transferred?

No.

No other items, dates, or deadlines for this Call are changed.
