

REQUEST FOR PROPOSALS

INSURANCE APPRAISAL SERVICES

Solicitation No.: R-16-001-PC

Addendum I | January 15, 2016

QUESTIONS AND ANSWERS

1. Can you provide a current listing of properties to be appraised?

The listing of properties to be appraised is attached. The number of properties to be appraised per year will be dependent on the fees proposed by the selected consultant. The listing also contains "Previously Appraised Properties" that will not be re-appraised during this contract.

2. Can you provide us with the "design capacity" of each water and wastewater plant to be appraised?

This information will be provided to the selected consultant, based on the properties assigned for appraisal. If "design capacity" is needed for establishing a compensation rate, the respondents may submit a compensation range per "Million Gallons per Day" (MGD). Ranges received will be evaluated using the high end of the range submitted.

3. Was the appraisal completed in 2014 and, if so, is the prior winning bidder participating in this RFP?

Not all properties were appraised in the previous contract period and the prior appraisal firm is not precluded from competing on this RFP. The listing of Interested Firms that have downloaded the RFP as January 15, 2016 is attached.

4. Who was the prior winning bidder?

The prior consultant for appraisal services was American Appraisal Associates, Inc.

5. Would prior appraisals be made available to the winning bidder?

The prior appraisals will be available to the selected consultant for this project.

END OF QUESTIONS AND ANSWERS

No other items, dates, or deadlines for this RFP are changed.

contract solicitations

Interested Firms List

Solicitation No. R-16-001-PC

Estimate: \$100,000.00

Insurance Appraisal Services

Meeting: 2:00 PM, Friday Jan. 8, 2016

Companies appearing on this list have downloaded SAWS solicitations for a specified project. These companies may be interested in providing SAWS with a response to a Request for Proposal (RFP) or Request for Qualification (RFQ). Subconsultants also use this listing to contact potential prime consultants for sub-contracting opportunities on specific projects.

Companies interested in submitting bid proposals for any of the solicitations listed are responsible for checking the SAWS Web site on a regular basis for any addendums or other pertinent information.
