

**CONDITIONS AND DISCLAIMER FOR USE OF STANDARDS**

Respondent has requested that it be permitted to examine the draft version of the San Antonio Water Systems (“SAWS”) Security Design Review Procedure, Sensitive Data Protection Standard, and Data Classification Guide (“Standards”) for use in this project, the Advanced Metering Technology Feasibility Analysis, Systems Integration and Program Management Services (the “Project”). SAWS will permit Respondent to view the Standards conditioned on the following:

- SAWS makes no representation and expressly disclaims any representation that the Standards represents a final version;
- SAWS is providing the Standards to Respondent for informational purposes only;
- SAWS is providing the information to Respondent for its use only as it relates to the Scope of Services in the RFP, and SAWS prohibits the unauthorized reproduction or sale of the Standards;
- The Standards may not, under any circumstances, be copied, reproduced, or published in any form or media, or transferred to another without the prior written permission of SAWS;
- Respondent understands that any unauthorized release or carelessness in the handling of this confidential information is considered a breach of the duty to maintain confidentiality, which may result in their proposal being found non-responsive.

If Respondent agrees to these conditions, please indicate so by signing below.
