Attachment F
SIMILAR PAST PROJECTS AND PERFORMANCE FORM
(continued)
Revised 12/8/17

- 3) List and describe five (5) relevant projects of similar size and scope, including projects with tunneling design of water mains from 8-inch to 24-inch, pipe material selection, pipe fatigue analysis, hydraulic analysis including modeling and transient analyses performed over the past five (5) years. Provide a brief description of the scope, list of key personnel and their roles and project tasks, as well as identify the number of change orders, **construction** contract value, and owner's contact information. Describe the actual role and key personnel for these relevant projects. Key staff on these projects need to be the same key staff being proposed as part of the overall project team.
