

REQUEST FOR QUALIFICATIONS

2019 Sanitary Sewer Overflow and Reduction Program (SSORP) Engineering Design Services

Solicitation No.: PS-00074-SM

Addendum 1 | February 15, 2019

CLARIFICATIONS TO THE RFQ

Please note that SAWS does not pre-endorse or pre-qualify any firms. A list of the Local SMWVB - Civil Engineering Firms that have not worked with SAWS as Prime Consultants as of February 2019 can be found on our website at the following Link:

http://www.saws.org/business_center/contractsol/Drill.cfm?id=3406&View=Yes

The firms found in the list simply meet the requirements for counting toward SAWS SMWB participation. Respondents are by no means limited to the firms in the list when performing outreach; and can reach out to local publications, trade organizations, bidding website, and chambers of commerce to find additional sources of subconsultants.
