

# **San Antonio Water System Standard Specifications for Construction**

## **ITEM NO. 906 Water Use Accountability**

**906.1 DESCRIPTION:** This item shall govern the preparation and implementation of the Contractor's water use accountability program for the specified project.

1. This specification is not intended to be an all-inclusive, but is a guide outlining the procedures to report water usage during a construction contract.

**906.2 REFERENCED STANDARDS:** Reference standards cited in this Specification Item No. 906, refer to the current reference standard published at the time of the latest revision date logged at the end of this Specification Item No. 906, unless a date is specifically cited.

1. San Antonio Water System (SAWS):
  - a. Specifications for Water and Sanitary Sewer Construction
  - b. SAWS Materials Specifications
2. COSA – City of San Antonio:
  - a. Utility Excavation Criteria Manual
  - b. City of San Antonio (COSA) Specifications for Construction

**906.3 MEASUREMENT:** Measurement of the Item, "Water Use Accountability" as specified herein, will not be measured for payment.

1. The Contractor shall submit the project-specific water use log each month along with the monthly invoice.
2. Forms are available at the SAWS website (see logs 8 and 9).
3. Each log shall record the estimated and/or actual use of water during that period.
4. Monthly construction invoices will not be processed unless accompanied by a water use log.
5. The forms include guidance on how to calculate the amount of water used. Include the estimated quantity of water used for: filling an empty water line, flushing through a fire hydrant, flushing through a blow-off, leaks, filling water tanks and trucks, curing an in-place pipe liner, etc.

**906.4 PAYMENT:** No direct payment shall be made for the incidental cost associated with preparation and submission of the Contractor's project specific water use logs.

1. Monthly logs of water usage are required.
2. The contractor is required to obtain a fire hydrant meter/backflow assembly from SAWS Customer Service.
3. A refundable deposit will be required.
4. For all non-SAWS work, the contractor shall be responsible for obtaining a fire hydrant meter from SAWS Customer Service and establish an account to pay for actual water usage.
5. Payment for these accounts are handled through normal SAWS customer account procedures.
