|-------------------------------|
| <b>RESPONSES TO QUESTIONS</b> |
|-------------------------------|

1. **Question:** What type of pipe to be installed on the said project?

*Response*

**Piping is not anticipated as part of contract scope.**

2. **Question:** Will this project only have 68 small call outs or will there be larger ones also?

*Response*

**The line-item amounts provided are for budgetary/bid purposes and based on historic use. The size and number of repairs may vary, exact sizes cannot be provided due to the unspecified nature of work order type repairs.**

3. **Question:** How is this measured for 68 call outs ?

*Response*

**This number is determined from historic use patterns from past contracts to provide an estimate/bid basis.**

4. **Question:** Is this just to establish the unit cost if we need to place 10 CY on a call out?

*Response*

**Correct.**

5. **Question:** Is an underseal typically used on all patches?

*Response*

**All repairs are to be made according to TxDOT and other regulatory agency requirements as applicable for the location the repair is made. Specific repair requirements can not be provided in this addendum due to the unspecified nature of work order type repairs.**

6. **Question:** Will all the work be done during day light hours?

*Response*

**Typically. Work hour considerations are provided in the General Conditions (Article V) and may also be impacted by governing authority requirements for specific locations.**

7. **Question:** How do we price traffic control for lane closures?

*Response*

**It is the responsibility of the contractor/bidder to make this determination.**

8. **Question:** How do we price police assistance?

*Response*

**It is the responsibility of the contractor/bidder to make this determination.**

9. **Question:** Do we need to include any testing?

*Response*

**Testing requirements are called out in the General Conditions (Article V) and Special Conditions (Section 2.3).**

10. **Question:** Is TY-D PG70-22/ R allowed on all surface mix?

*Response*

**All repairs are to be made according to TxDOT and other regulatory agency requirements. Specific repair requirements can not be provided in this addendum due to the unspecified nature of work order type repairs.**

11. **Question:** What is the engineer estimate for this project?

*Response*

**The published EOPCC for the contract is \$2,030,000.**

END OF ADDENDUM

This Addendum is two (2) page(s) in its entirety.
