If additional assistance is needed, please contact the SMWB Program Manager via email at [marisol.robles@saws.org](mailto:marisol.robles@saws.org). While SAWS does not make recommendations to Respondents in preparing their proposal and putting together their team, Frontline Support Solutions has participated on a prior meter contract, but SAWS has not verified whether meter replacement is still a service that the firm offers:

The following sections have been updated as follows, where the language that has been amended since the issuance of the RFCSP on 2-13-23 is in ***red, bold italics*** for ease of reference:

- Compliance with Contract Terms and Project Requirements***

This criteria ***will be evaluated in Respondent's response within their proposal:***

- Appendix 6 SAWS AMI Water Deployment Plan***
