

**Recycled Water Infrastructure Upgrades and 2021 Engineering Work Order Contracts
Solicitation Number: PS-00103-FG**

**ADDENDUM 2
February 4, 2021**

To Respondent of Record:

RESPONSES TO QUESTIONS

- 1. Question:** We're developing a statement of qualifications for the Recycled Water Pump Station and Pipeline Project and our proposal coordinator had a question regarding the number of projects we can show from our sub consultant. Currently, the RFQ requires that key project personnel be involved in the projects we present. It goes on to require that subconsultant experience be shown in only one project. We consider our sub to be key personnel since they have a major role in doing the pipeline work. Can we show two projects for them?

*Response: Refer to Responses provided to Questions 26 & 27 of Addendum 1. There can only be one (1) project comprised of **only** the Key Subconsultants listed as having worked on that project.*
