

2021 SSORP ENGINEERING DESIGN SERVICES PACKAGE 1
Solicitation No. PS-00117

ADDENDUM NO. 1
September 2, 2021

To Respondent of Record:

RESPONSES TO QUESTIONS

1. On the solicitation Page 10 of 116 under Similar Projects and Past Performance under description: Complete the Project table ... requirements identified with this RFQ that were completed with the past five (5) years. Is completed defined project completed through design and into at least in construction or Is completed defined project is completed to include construction.

For the purposes of illustrating past performance, SAWS projects are considered complete when the project has been constructed, the facilities are in services and the close-out as-built phase has started.

2. I would like to request for the WebEx info for attending the pre-submittal conference.

See #1 of Changes to the RFQ, as well as #1 of Clarifications.

3. I had a question about the (RFQ) Engineering Services for 2021 Sanitary Sewer Overflow and Reduction Program (SSORP) Package 1 (PS-00117). The title and some of the spec mentions this RFQ refers to only Package 1 (submission email only for package 1) but it also reads that this RFQ is for all 8 packages. Could you please confirm.

SAWS typically issues multiple SSORP RFQS during the calendar year and titles the RFQ with a Package number to identify the RFQ itself. This RFQ, Package 1, was issued to select an engineering design consultant(s) for 7 specified projects and 1 unspecified contract.

CHANGES TO THE RFQ

1. Page 12-13, III. Communication, B. Pre-Submittal Meeting, #1, remove and replace with the following:

September 8, 2021 at 2:00 p.m. CST

Via [WebEx](#)

<https://saws.webex.com>

Meeting number (access code): 146 831 2276

Password: BBpPbaVB385

Connect by phone: (210) 233-2090

CLARIFICATIONS

- 1. In the RFQ itself there is a WebEx link and by hovering on that specific word, the link will appear that will take the attendee to the meeting in WebEx in order to attend the Non-Mandatory Pre-Submittal Meeting. However, SAWS has amended the RFQ with this Addendum to also provide potential Respondents with the pertinent WebEx information as well.**

END OF ADDENDUM 1

This Addendum is two (2) pages in its entirety.
