

STEVEN M. CLOUSE WRC BIOSOLIDS SYSTEM UPGRADES (RFQ)
Solicitation No. PS-00139

ADDENDUM NO. 4
October 21, 2022

To Respondent of Record:

RESPONSES TO QUESTIONS

- 1. Question: I reviewed Addendum #3 but I don't believe it rectified the page count issue as is it still says 29 pages. At the pre-submittal conference SAWS notes 23 pages and the discrepancy would be addressed by the Addendum.

Refer to attached extracted pages of the RFQ where I've highlighted the 23 page limit which summarized:

Table with 2 columns: Item, Limit. Rows include Org Chart (1 pg limit), Resumes (6 pg limit), Team (2 pge limit), Approach (6 pg limit), Schedule (2 pg limit), Respones (3 pg limit), WA (3 pg limit), and a total of 23 pg limit.

In Addendum #3 you restated 29 pages as the max, but we are still constrained by the page limits in the attached table of 23 pages. Where can we put the remaining 6 pages without violating the limits in the attached table provided by SAWS?

Answer: Evaluation forms are now included as part of the page limit. There was a change after the pre-submittal meeting and the PowerPoint does differ from Addendum #3. Addendum #3 is correct. The page count is as follows:

Table with 2 columns: Item, Count. Rows include Org Chart (1), Resumes (6), Team Composition Forms (2), Subconsultant Tables (2), Project Forms (3), OPCC Form (1), Project Understanding and Approach 1) (6), Project Understanding and Approach 2) (2), Project Understanding and Approach 3) (3), Project Understanding and Approach 4) (3), and a total of 29.

For additional information, reference Addendum #3 Clarification and #1 of Changes to the RFQ.

END OF ADDENDUM 4

This addendum is two (2) pages in its entirety.
