

2025 SMP Package I – Darwin Dr. from Ingram Rd. to Hemphill St.

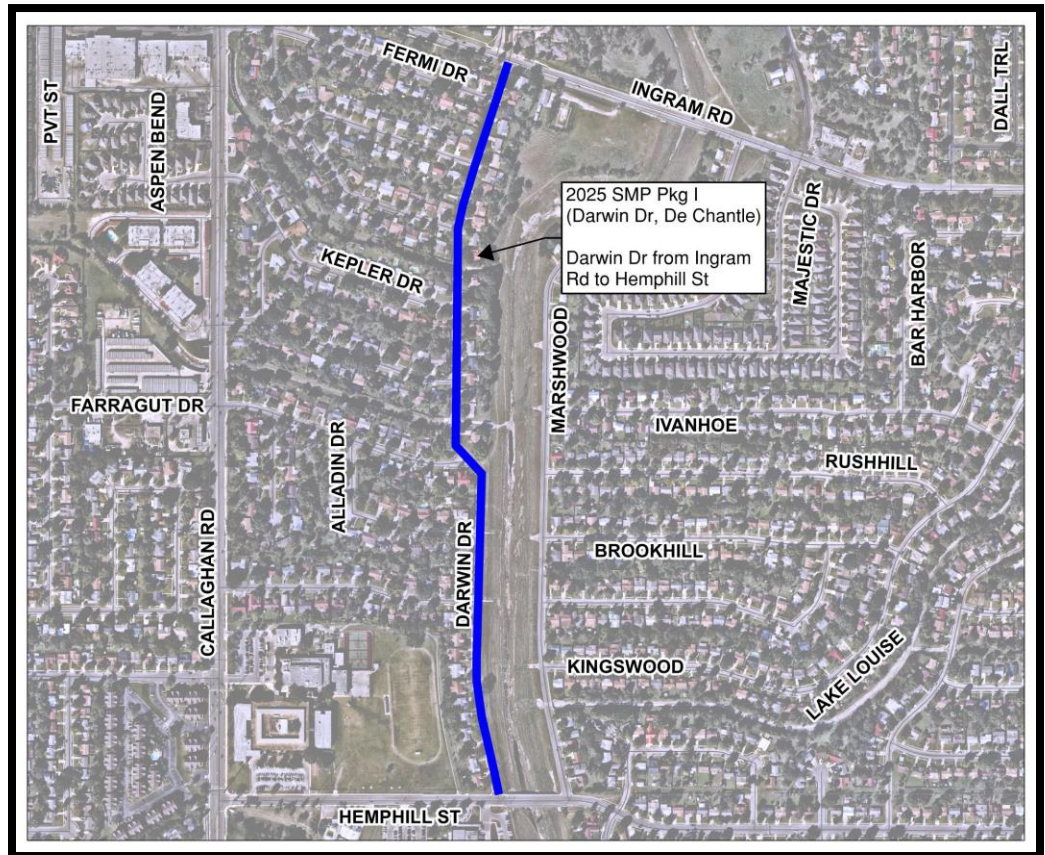

SAWS construction work on this project will replace approximately 4,091 feet of existing water main with new 8-inch HDPE water main. This work is required to replace deteriorating water infrastructure in this area.

When Will Work Occur?

Project construction is anticipated to begin near July 2024 with a total project duration of approximately 9 to 12 months.

Construction Elements:

- ✓ A traffic control plan, which may include a combination of detours and lane closures will be reviewed and approved by City of San Antonio Right of Way Department.
- ✓ The project site is located within a residential area.
- ✓ City of San Antonio work which may include asphalt and concrete work will follow after SAWS work is complete.
- ✓ Construction is along CoSA right of way.
