2. SAWS has a new security policy in place which requires all visitors to check-in. Therefore, it will be necessary for all persons dropping off a bid and/or attending the bid openings to allow sufficient time to check-in.

At check-in the guard will ask to see the attendee's identification, preferably a driver's license, and will need to record the attendee's name, job title and company name (if applicable). Please have this information available at check-in.

If the attendee is already in possession of a SAWS issued contractor badge, this is sufficient and should be worn upon entering the SAWS Customer Service Building and kept on during the meeting and until exiting the building.

Clarification

1. As it relates to #1. Changes to the Solicitation. Upon advertisement, SAWS failed to identify the Bid Opening location and conference rooms, which is corrected by this Addendum. This Addendum also provides the specific conference room in which the Bid Opening will be held, which may vary. In addition, the Bid Opening date originally scheduled for November 23, 2016 has changed to November 22, 2016.
2. As a reminder, please reference Page 2, Section III. Submitting a Response of the original solicitation when submitting a bid. Though the address is the same, the location within the Customer Service Building for submitting bids is different from the conference room locations where the Bid Opening will be held.
