

SAN ANTONIO WATER SYSTEM

East Sewershed Package II  
SAWS Job No. 16-4505  
Solicitation No. CO-000095

ADDENDUM NO.2

October 25, 2016

**TO BIDDER OF RECORD:**

This addendum, applicable to work referenced above, is an amendment to the bid proposal, plans and specifications and as such will be a part of and included in the Contract Documents. Acknowledge receipt of this addendum by entering the Addendum number and issue date on the space provided in submitted copies of the bid proposal.

**PART 1 – SPECIFICATIONS**

**Item 1: Table of Contents**

Remove Table of Contents in its entirety

Replace with enclosed Table of Contents

**Item 2: Instructions to Bidders (IB)**

Page IB-4 note 11: Delete this sentence in its entirety and REPLACE with the following:

“RIGHT OF ENTRIES: Contractor will be responsible to obtain all rights of entries from property owners (not tenants), needed to construct the project. Access required beyond that already provided by SAWS in the form of existing easements along the sewer line will be a Contractor responsibility. Contractor shall familiarize him or herself with conditions along the pipeline during bidding and consider this item needed.”

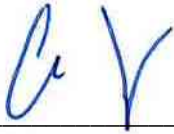

**Item 3: General Conditions (GC)**

Add the following to the end of Article I Contract Definitions:

“65. WORKSITE - A work Site is defined as a grouping of Sanitary Sewer Segments proposed for rehabilitation as indicated in the Bid Documents.”

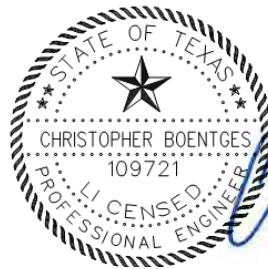

**PART 2 – QUESTIONS**

1. Will there be any union labor requirements in order to bid on this job?
  - a. No, SAWS does not require union labor requirements. However, it is subject to prevailing wage rate and labor standard provisions, per Section 2.10 of the General Conditions. Please referenced the wage decision within the specifications for specific wages for this project.
  
2. Project is missing Special Provisions to Technical Specifications per the Table of Contents for the East Sewershed Package II.
  - a. There are no Special Provisions to the Technical Specifications. Delete the Table of Contents and replace with the attached; see enclosed attachment to this Addendum No. 1.
  
3. I'm contacting you in reference to the East Sewershed Package II project and I was trying to determine the installation method of the 8-21 inch sewer mains being installed in the project?
  - a. Installation methods are as per what is shown in the construction documents. This is a specified contract and construction documents are provided for Worksite 1, Worksite 2, and Worksite 3.

---
