RESPONSES TO QUESTIONS

- 1. Question:** Is there a possibility that this tank will go out for demolition if the rehab comes in out of budgetary range?

Response: *No, the tank is not planned to be considered for demolition.*
- 2. Question:** Can you clarify why this project is re-bidding? There is no longer SSPC QP1 required - is this an intentional change or a clerical error since the remainder of scope looks very similar if not exact?

Response: *The project is re-bidding as the SSPC QP1 certification will no longer be required for this project. The change is intentional. In addition to the certification removal, the project estimate was also updated.*
- 3. Question:** Is there a QP1 and/or a QP2 requirement for this project?

Response: *No QP1 or QP2 requirements are included in this project.*
- 4. Question:** Could you please tell me who the engineer is on the Naco Ground Storage tank project?

Response: *The engineer on the project is Kimley-Horn and Associates, Inc. and the project engineer is Kendall NeSmith. Please note the communication restrictions in the Instructions to Bidders.*
