

REQUEST FOR QUALIFICATIONS
DESIGN BUILD PHASE II SERVICE CENTER PROJECT
Solicitation Number: Q-16-007-DD
Job Nos.: 11-7701

ADDENDUM 1

OCTOBER 6, 2016

SAWS' responses to any questions relating to this procurement shall not be deemed to alter, modify or amend the terms of the final contract, which will represent the entirety of any agreement to be negotiated with the successful proposer, and which shall not be subject to interpretation based upon any such responses. By submission of any proposal relating to this procurement, the Proposer agrees that any SAWS' response shall not be a basis for asserting any ambiguity, conflict or question of interpretation as to the meaning of the final contract document.

QUESTIONS AND ANSWERS

1. Please clarify if design-builder will be responsible for hazardous material investigation and remediation if applicable.

SAWS will be providing shortlisted Respondents site surveys and geotechnical analyses, including environmental findings and other information related to civil design, for their consideration and their independent determination. They may choose to either rely upon such information or decide that it will be necessary to undertake additional investigation. Remediation of any hazardous material would be within the DB Firm's scope of services. Respondents will be entitled to reasonably rely upon the information that SAWS provides. The Contract to be included with the RFP will describe the extent to which Respondents will be entitled to reasonably rely upon the information that SAWS provides.
