

REQUEST FOR QUALIFICATIONS

STEVEN M. CLOUSE WRC DIGESTER MIXING AND SYSTEM ENHANCEMENTS – PHASE 3

Solicitation No.: PS-00083-FF
Addendum 2 | November 14, 2019

QUESTIONS

1. Can the six resumes for proposed key personnel include roles other than the six mentioned in Attachment II, Team Experience and Qualifications, which says “Key personnel include at a minimum the Project Manager, QA/QC Lead, Technical Leads, Lead Estimator, Geotechnical/SUE/Survey Lead, and Permitting Lead.”

Response: Yes, they can

2. Attachment II, Team Experience and Qualifications, Item 2) states a 1-page resume for each proposed Key Personnel should be provided, with a 6 page limit. The Key Personnel includes the “Project Manager, QA/QC Lead, Technical Leads, Lead Estimator, Geotechnical/SUE/Survey Lead, and Permitting Lead”. Does this mean that the team is only allowed to provide the resume of one Technical Lead?

Response: Include maximum of one (1) page resume for each Lead you deem relevant to the scope of this project.

3. Attachment II, Team Experience and Qualifications, Item 1), second bullet states that Key Personnel should include the Geotechnical/SUE/Survey Lead. Is this correct? The scope of this project does not indicate that Geotech/SUE/Survey work is a big part of this project.

Response: Include those Key Personnel that you deem relevant to the scope of this Project.

END OF ADDENDUM

This Addendum is one (1) page in its entirety.
