Solicitation Number: Q-13-009-MR

2014 Water Resources Engineering Consultant Services

ADDENDUM #1 – 04:30 PM Central | October 24, 2013

This addendum provides answers to written question submissions.

ANSWERS TO QUESTIONS

- 1) Will SAWS be selecting a single firm or several firms (similar to Unspecified Contracts) to complete the work?
 - a. While it is SAWS intent to contract with a single firm, this remains to be determined.
- 2) What is the estimated contract value of the work?
 - a. Estimated value of the work to be completed is \$150,000.00 however this has not received final approval in SAWS 2014 budget process.
- 3) Section 1.C.2 requires that all Subcontractors must be licensed, professional engineers in the State of Texas. We believe that there are portions of the work that can be accomplished without being required to be a PE. Will this requirement remain in the RFQ?
 - a. Section 1.C.2 of the RFQ is changed as follows: “requires that all Subcontractors must be licensed, professional engineers, professional geologists, or certified in

the field required or specified in the State of Texas and verified by the Consultants lead PE.”

END ANSWERS TO QUESTIONS

No other items, dates or deadlines for this RFQ are changed.
