

2020 SMP Pkg VII (Royston Ave.)

SAWS construction work on this project will replace approximately 4,180 feet of 8-inch of sewer main and approximately 4,040 feet of 6-inch water main. This work is required to replace deteriorating water and sewer infrastructure in this area.

When Will Work Occur?

Project Construction is anticipated to begin in the winter of 2019 with a project duration of approximately 9 months.

Construction Elements:

- ✓ A traffic control plan, which may include a combination of detours and lane closures, will be reviewed and approved by City of San Antonio Right of Way Department.
- ✓ Approximately 4,180 linear feet of 8-inch sewer main will be replaced via open cut along Royston Ave from Jennings Ave. to Nogalitos Street.
- ✓ Approximately 4,040 linear feet of 6-inch water main will be replaced and upsized to 8-inch via open cut along Royston Ave from Jennings to Nogalitos Street.
- ✓ City of San Antonio work which may include asphalt and concrete work will follow after SAWS work is complete.
- ✓ Construction is along CoSA and TxDOT right of way
