

Blue Wing Rd. to IH 37 Sewer Project (MS2A Site 9 Package)

SAWS construction work on the Blue Wing Rd to IH 37 project will replace/rehab approximately 1 mile of 60-inch gravity sewer main and replace 1 siphon inlet structure. The sewer mains are in the Eastern Sewershed along the Salado Creek from a point just west of Blue Wing Road running north along Blue Wing Rd towards IH 37 S. This project is part of the work required by San Antonio's agreement with the U.S. EPA to replace sewer infrastructure that is under capacity or in poor condition across the city.

When Will Work Occur?

Construction will start in the 1st quarter of 2020. Estimated construction duration is 10 months.

What to Expect

Construction on this project will.

- ✓ Increase truck traffic on Blue Wing Road, US Hwy 181 S, and Old Corpus Christi Road
- ✓ Short term traffic impacts due to lane closures on Blue Wing Road, US Hwy 181 S, and Old Corpus Christi Road
- ✓ Construction in easement area west of Blue Wing Rd will cut through neighboring properties.
