

2024 Water Storage Tank Demolition Project

This project will include three SAWS sites with storage tanks: Best Way, Far West, and Anaqua Springs. These tanks are located on SAWS facilities at:

Best Way: 603 Poco Pass, San Antonio, TX, 78260

Far West: 4358 W Loop S, San Antonio, TX, 78245

Anaqua Springs: 11413 Anaqua Springs, Boerne, TX, 78006

This project will consist of the demolition of decommissioned SAWS sites with storage tanks, above and below grade piping, electrical, and ancillary structures at the site.

The purpose of this project is to remove all structures and equipment from sites to prepare for other potential uses.

When Work Will Occur:

- Construction award is planned for January 2025.
- Estimated construction duration is 310 days.

What to Expect:

- Construction of this project will occur within SAWS property.
- During the construction of this project lane closure may happen adjacent to the project site.
