ADDENDUM 3  
November 21, 2022

To Bidder of Record:

This addendum, applicable to work referenced above, is an amendment to the bid proposal, plans and specifications and as such will be a part of and included in the Contract Documents. Acknowledge receipt of this addendum by entering the Addendum number and issue date on the space provided in submitted copies of the bid proposal.

**RESPONSE TO QUESTIONS**

- 1. Question: If we do not plan on using the secondary access do we have to price out item 68&69? If we don't put any money in those items, there is not the chance that SAWS can come back and say they would like to use it for their own access and we need to establish and maintain it?**

*Answer: Prices should be established for all line items in the Bid Proposal when submitting a bid.*

**CHANGES TO SPECIFICATIONS**

- 1. Update to SC5.2– Remove and replace with the following:**

"5.2 Secondary Access

Two alternate access routes may be available for the contractor and are shown on the plans. The contractor shall obtain Right-Of-Entry from each landowner prior to construction if Option 1 is used. **The contractor must submit a copy of all Rights-of Entry to SAWS.** This option crosses the floodplain and contractor shall plan accordingly and include in their bid means and methods to manage flood prone areas. Contractor shall obtain floodplain permits if required.

The remaining sections shall remain the same.

**END OF ADDENDUM**

This Addendum is 1 page in its entirety.
