2. **Page 21, Attachment I, Project Charter.** The Cost Forecast table is hereby modified to read as follows:

Project Cost Center	Cost Forecast
Land Acquisition	No
Construction	≈ \$11,800,000

RESPONSES TO QUESTIONS

1. **Question:** Please clarify what kind of field samplings are necessary.

Response: *Field samples will be determined by the Geotechnical Engineer during the design phase of the project.*

2. **Question:** What is the existing pump station rated capacity?

Response: *The pump station has a firm capacity of 1.4 mgd.*

3. **Question:** Is the station currently on-line?

Response: *Yes, the pump station is currently operating as an in-line booster station.*

4. **Question:** Is bypass pumping required during construction?

Response: *No.*

5. **Question:** Can the station be completely off-line for demolition during construction?

Response: *No. The existing pump station is supplying water to the neighborhood and cannot be taken out of service during construction.*

6. **Question:** Any existing station drawings available?

Response: *The pump station used to be part of the former BexarMet system and as-built information is limited. Available drawings will be provided to the selected consultant.*

7. **Question:** What is the square footage of the existing property and is any additional adjacent properties acquisition required?

Response: *The property includes 6.6240 Acres. Acquisition of additional land is not required.*

8. **Question:** Responses are limited to a maximum of twenty-two (22) pages per proposal, but the page counts and forms add up to 23 pages. Please clarify the required 22 pages.

Section	Page Limit
Cover Letter (Number each page starting with the cover letter)	1
Organizational Chart	1
Key Personnel Resumes	6
Team Composition	1
<i>Form: Respondent and Proposed Subconsultant Roles on this Project</i>	1
<i>Form: Proposed Key Personnel, Geographic Location, % Time, Years of Experience</i>	1
<i>Form: Similar Projects</i>	3
<i>Form: OPCC Table</i>	1
Project Understanding and Approach	3
Responses	2
QA/QC and Risk Management	3
	23

Response: *See Page 13 Section IV.B.3. The cover page and tabs do not count towards the page limit. The maximum page limit is twenty-two (22) pages.*

9. **Question:** We only received this solicitation on 6-14-2022, yet the pre submittal meeting was held on June 9, 2022. When was this solicitation issued and will there be another pre-submittal meeting? Can you please clarify how the pre submittal meeting was held prior to us receiving the RFQ?

Response: *The solicitation was issued on June 1, 2022 and a non-mandatory pre-submittal meeting was conducted on June 9, 2022. The presentation from June 9, 2022 is currently on the SAWS solicitation website at:*

https://apps.saws.org/Business_Center/Contractsol/Drill.cfm?id=4102&View=Yes

Due to an error that occurred we will conduct a 2nd non-mandatory pre-submittal meeting, see details below. Attendees from the first pre-submittal are not obligated to attend the second pre-submittal.

June 23, 2022

2:00 p.m. Central Daylight Time (CDT)/Central Standard Time (CST)
