

Leon Creek WRC Primary Clarifier Nos. 1 and 2 Rehabilitation

This project will occur at the SAWS Leon Creek Water Recycling Center at 1104 Mauermann Rd, San Antonio, 78224.

This project will consist of the rehabilitation of the primary clarifiers nos. 1 and 2, including replacing mechanical and electrical equipment, and coating the interior.

The purpose of this project is to maintain and upgrade the primary clarifiers that are a part of the water recycling process at Leon Creek WRC for a reliable operation of the facility.

When Work Will Occur:

- Construction award is planned for June 2024.
- Estimated construction duration is 450 days.

What to Expect:

- Construction of this project will occur within SAWS property.
- During the construction of this project lane closure may happen adjacent to the project site.
