CONDENSED MONTHLY FINANCIAL REPORT SAN ANTONIO WATER SYSTEM December 31, 2022

Attached is the monthly financial report of the San Antonio Water System (SAWS) for the month ended December 31, 2022. This report presents financial and management information for all funds, activities and programs for which the Board of Trustees has been given responsibility to manage and control.

FINANCIAL HIGHLIGHTS

- SAWS adopted GASB Statement No. 87, Leases with an effective date of January 1, 2022. Based on a review of the lease population, it was determined that leases where SAWS was the lessee were immaterial and were not recognized. As of December 31, 2021, SAWS recorded a short-term lease receivable of \$287,870, a long-term receivable of \$4,264,096 and deferred inflow-leases of \$4,551,966 for material leases where SAWS is the lessor.
- SAWS' net position increased by \$27.3 million during the month.
- Operating revenues for the month of \$56.7 million were \$8.5 million unfavorable to budget and \$9.4 million less than a year ago.
- Operating expenses before depreciation for the month of \$34.6 million were \$1.3 million favorable to budget but \$0.2 million more than last year.
- Investment income was \$19.9 million favorable to budget and \$21.7 million more than last year.
- Interest expense on revenue bonds, commercial paper and contract payable was \$0.2 million favorable to budget but \$0.8 million more than last year.
- SAWS recorded a special item during the month. The Medina Treatment Plant was permanently impaired, and the \$7.2 million remaining book value of the plant was written off.
- SAWS' net income before capital contributions for the month of \$3.2 million was \$7.3 million favorable to budget and \$1.9 million more than last year.
- Capital contributions for the month were \$24.1 million compared to the budget of \$13.9 million and \$38.2 million in December 2021.

OVERALL FINANCIAL CONDITION

| | Dece | mber 31, 2022 |
|----------------------------------|------|---------------|
| (\$ in thousands) | | |
| Assets | \$ | 9,105,067 |
| Deferred Outflows of Resources | | 83,828 |
| Liabilities | | (4,616,459) |
| Deferred Inflows of Resources | | (92,833) |
| Total Net Position | \$ | 4,479,603 |
| Net Investment in Capital Assets | \$ | 3,521,405 |
| Restricted Net Position | | 408,636 |
| Unrestricted Net Position | | 549,562 |
| Total Net Position | \$ | 4,479,603 |

SAWS' total assets and deferred outflows of resources increased \$61.4 million during the month as increases in capital assets more than offset decreases in accounts receivable and cash and investments. Total liabilities and deferred inflows of resources increased \$34.1 million primarily due to increases in sundry accounts payable and accrued interest payable, which more than offset decreases in accrued payroll and benefits.

Working capital totaled \$697.7 million

and includes an operating reserve of \$78.6 million in accordance with SAWS' ordinance requirement of a two-month reserve amount based upon the current fiscal year's budget for operating and maintenance expense. SAWS' net position ratio was 48.8% at December 31, 2022, 48.8% at November 30, 2022, and 46.8% at December 31, 2021.

SAWS' bond ordinances require SAWS to set rates and charges sufficient to maintain a debt coverage ratio of at least 1.25x the current year annual debt service on outstanding senior lien debt. In addition, these ordinances require SAWS to maintain a debt coverage ratio of at least 1.00x the current year

annual debt service on outstanding junior lien debt. SAWS targets to maintain 1.75x the total annual bonded debt service. The following chart includes SAWS' current year debt coverage ratios for both senior lien and total bonded debt. The senior lien debt coverage reflects a continuing reduction in senior lien debt service, resulting from the fact that no debt has been issued at the senior lien level since 2012.

| Debt Coverage Ratios | | | |
|---|----------|----------|----------|
| | 12/31/22 | 11/30/22 | 12/31/21 |
| Current Year Debt Service - Senior Lien Debt | 30.19 | 31.06 | 10.30 |
| Current Year Debt Service - Total Bonded Debt | 2.20 | 2.27 | 1.69 |

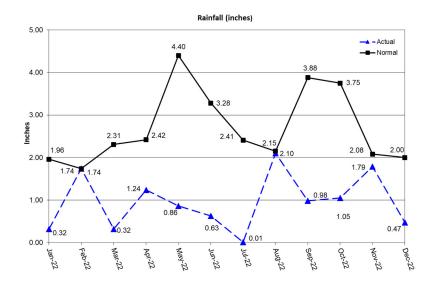

As of December 31, 2022, SAWS is in compliance with the material terms and provisions of the ordinances and documents related to its outstanding bonds and tax-exempt commercial paper.

Total operating revenues for December were \$8.5 million unfavorable to budget and \$9.5 million less than December 2021. Combined water delivery and supply revenues of \$34.6 million were \$5.8 million unfavorable to budget and \$6.7 million less than December 2021. Water related revenues were unfavorable to budget and to last year due to an \$11.5 million decrease in the annual unbilled revenue estimate. The unbilled revenue estimate decreased primarily due to a 15.8% decrease in the number of unbilled days.

Wastewater revenue of \$21.3 million for December was \$2.6 million unfavorable to budget and \$2.7 million less than December 2021. The unfavorable variance to budget and last year was primarily due to the unbilled revenue estimate discussed above, which more than offset favorable usage variances across all customer classes. The residential AWC of 4,945 gallons that went into effect in April 2022 was 2.49% favorable to the budget of 4,825 gallons but 0.56% less than the previous AWC of 4,973 gallons that was in effect from April 2021 through March 2022.

For rate-making purposes and Sources & Uses reporting, the Vista Ridge Capital and Raw Groundwater unit price payment is recorded as an operating expense under water options. However, to comply with Generally Accepted Accounting Principles, the GAAP based financial statements reflect the Vista Ridge infrastructure payment portion of this amount as a financed purchase and the water lease portion of this amount as an operating expense. The budget amounts reflected on the GAAP based financial statements have been adjusted to be consistent with SAWS' accounting treatment.

Operating expenses before depreciation of \$34.6 million were \$1.3 million favorable to budget but \$0.2 million more than last year. The favorable variance to budget is primarily due to favorable variances in unfunded pension related credits, water options and utilities, which more than offset unfavorable variances in maintenance expenses and contractual professional services.

Investment income for the month was \$19.9 million favorable to budget and \$21.7 million more than December 2021. The yield on SAWS' investment portfolio was 2.39% for the month compared to the

budgeted yield of 0.40% and 0.48% earned on the portfolio a year ago. The favorable variance to budget and last year is due to a favorable \$17.3 million mark to market adjustment and the favorable yield. The mark to market adjustment relates to the recent volatility in short-term interest rates and the related impact on the calculated market value of SAWS' investment portfolio. As SAWS generally holds investments until maturity, it is not anticipated that these adjustments will result in any cash gains or losses.

Interest expense related to debt was \$0.2 million favorable to budget but was \$0.8 million more than last year. The conservative nature of the budgeting process, which ensures that current rates are enough to support the current year's construction program, contributed to the favorable variance to budget. Interest expense related to the long-term contract payable was consistent with budget and \$0.1 million less than last year.

SAWS recorded a special item in December 2022 for the permanent impairment of the Medina Treatment Plant that had been idled during the 2011-2014 drought. The treatment plant was determined to be permanently impaired as of December 31, 2022, and the \$7.2 million remaining book value of the plant was written off. Based on the unusual nature of event, the loss was recorded as a special item in the Statements of Revenues, Expenses and Changes in Net Position.

In December 2022, capital contributions included \$0.1 million in contributions in aid of construction, \$5.5 million in capital recovery fees and \$18.4 million in plant contributions from developers. Capital recovery fees and plant contributions can vary significantly from month-to-month but are an indication of development activity in the San Antonio region. Growth in the number of customer connections averaged 2.1% over the last 12 months (January 2022 - December 2022) and 2.9% for the preceding 12-month period (January 2021 - December 2021).

CASH FLOWS

Cash and cash equivalents decreased \$0.2 million during December 2022. Cash inflows during the month included \$24.2 million from investing activities, \$21.8 million from operating activities and \$5.5 million in proceeds from developers. Cash outflows for the month consisted primarily of \$45.1 million spent on the acquisition and construction of capital assets, \$4.7 million spent on the Vista Ridge contract payable and \$1.7 million in payments to the City of San Antonio.

The following table summarizes the Capital Improvement Programs (CIP) from 2020 through 2022. To fully execute the planned CIP, SAWS is projected to award \$238.5 million in additional capital contracts. Additionally, outstanding commitments on awarded contracts total \$784.9 million on December 31, 2022.
